

## Oakridge Primary School Pupil Premium 2021 2022

Ensuring  
financial probity

- Solvency and effective financial management
- Use of Pupil Premium Sports Premium and other resources to overcome barriers to learning

### What is pupil premium?

Pupil Premium was introduced by the government in 2011-2012 as an additional contribution to main school funding in order for schools to,

**'Address the current underlying inequalities between children eligible for free school meals (FSM) and their wealthier peers by ensuring that funding to tackle disadvantage reaches the pupils who need it most'** DfE April 2012

The Pupil Premium is allocated to children from low-income families who are currently known to be eligible for free school meals (FSM) and children who have been looked after continuously for more than six months. A premium has also been introduced for children whose parents are currently serving in the armed forces.

Pupil Premium funding was extended in 2012-2013 to include funding for children who have been eligible for free school meals (FSM) at any point in the last 6 years (Ever6).

Disadvantaged pupils	Pupil premium per pupil
Pupils in year groups reception to year 6 recorded as Ever 6 free school meals	£1,385
Looked-after children (LAC) defined in the Children Act 1989 as one who is in the care of, or provided with accommodation by, an English local authority	£2,345
Children who have ceased to be looked after by a local authority in England and Wales because of adoption, a special guardianship order, a child arrangements order or a residence order	£2,345
Service children	Pupil premium per pupil
Pupils in year groups reception to year 11 recorded as Ever 6 service child or in receipt of a child pension from the Ministry of Defence	£210

### How can I find out if my child is entitled to Pupil Premium?

The process for applying is straightforward and confidential. You can apply online by clicking on the website link below . If you would like to speak to a member staff for more information, please contact the office by calling 01785 377300 and they will be happy to direct you to the appropriate member of staff who will assist you through this process.

Children in Reception and Key Stage One are automatically entitled to a free school dinner; however, registering your child for free meals will entitle them to additional support.

## Part A: Pupil premium strategy plan

### Statement of intent

Our vision states that we believe in making our children world-class learners by providing a 'Disney Land' curriculum with a fantastic range of opportunities which engage, enrich and excite them as learners. Our curriculum therefore must provide the tools for children to be able to learn by allowing them to master basic skills such as reading, writing and understanding number. However, our curriculum provides a purpose and relevance for learning, offering opportunities which instigate a love of learning, encouraging creative and critical thinking. High expectations and levels of challenge are present in all that we do, engendering an intrinsic sense of personal pride in achievement amongst our children. We consider this vision statement

equally important for all of our pupils and ensure that we put in appropriate support to meet their needs, whether they are disadvantaged or not.

High-quality first teaching is at the heart of our approach, supported high quality professional development, alongside proven and rigorous teaching resources. We have well-embedded assessment for learning strategies that allow us to identify individual children's needs and challenges. Where these are identified, we provide timely intervention from well trained and experienced staff using proven and recommended teaching resources.

We believe that healthy social and emotional skills are vital and ensure that we help prepare children, as fully as possible, for the challenges life can present. Positive development of emotional health and wellbeing is explicitly taught and is further encouraged and supported through emotion coaching, where needed.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	High quality CPD is continually delivered to all staff so that all children are exposed to quality first teaching on a daily basis, to ensure high expectations are set for all pupils.
2	Formative and summative data is analysed carefully and used in a timely manner so that the need for support within learning is identified quickly so that all children make expected progress or above.
3	Oakridge children are confident in their reading. They read to learn which allows them to access all areas of the curriculum, as well as reading for pleasure.
4	Oakridge children are confident in their mathematical recall to support their mathematical fluency.
5	Oakridge children have access to emotion coaching support that will enable them to positively develop their mental health and wellbeing.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
High quality CPD in Read Write inc as well as maths mastery delivered to all staff regularly throughout the year that is linked to the School Improvement Plan	1. ### Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 7000

Time allocated for subject leaders each week to be shared.	If subject leaders are given the time to plan effective CPD for the school, this will ensure further improvement in teacher performance and therefore improve outcomes for children. Ofsted findings on Curriculum Research. - In primary schools, where the curriculum was often delivered in topics (particularly in the humanities), they had subject specialists and thought about progression in terms of subjects. We found that it was easier for schools to talk about their pupils' progression when they considered how much knowledge had been learned than when they talked about how far pupils had developed a skill.	1,2,3,4

There is also evidence of an impact on non-4-8 cognitive outcomes such as self-confidence. Evidence suggests that the impact is greater for more vulnerable students.

## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021

Detailed outcomes of the impact of pupil premium are held by the school. In the interests of data protection, that information is not published openly in order to protect the identity of individual pupils. However the results across the school for Pupil Premium children and those who are not receiving Pupil Premium have continued to be outstanding despite the low allocation of funding. The strategy of targeting interventions at those children who require it is helping all children, irrespective of whether they receive FSM.

#### Achievement and Progress 2020 -2021

*Due to COVID-19, performance measures have not been published for 2020 to 2021, however through standardised teacher administered tests our evaluations of the achievement and progress of our pupil premium children are shown below.*
