Year Six SATs Week

This week Year Six sat their Key Stage 2 SATs papers. During the week the children took tests in Reading, Spelling, Punctuation and Grammar and Maths.

Their attitude was fantastic and nobody could have asked any more from them. Each morning the children came in for a 'SATs breakfast club' where they enjoyed toast and juice before the tests.

Well done Year Six!

Year Six Visit to Lego Innovation Centre

As part of their Design and Technology unit of learning Year Six will be visiting the Lego Innovation Centre at Stafford College where they will have the opportunity to program, monitor and control Lego.

This exciting activity will enable them to fulfil a key area of the Design and Technology curriculum using computing skills, critical thinking and problem solving to build and program Lego robotics.

The class will be visiting the college in two halves on the 15th and 16th May.

We are pleased to say we have secured funding for the transport to the college and the workshop is also fully funded so will not be asking for any contributions.
