

Oakridge Primary School Sports Funding 2023 2024

How much school sports funding does Oakridge Primary School receive? 2023- 2024

Oakridge received £17 800 for this academic year and this will continue next year. This PE and sport premium has been used to:

- develop or add to the PE, physical activity and sport at Oakridge
- build capacity and capability within the school to ensure that improvements made now are sustainable and will benefit pupils joining the school in future years

At Oakridge we have employed a specialist teacher for PE to work alongside staff, providing them with professional development. As a result we have secured a whole school sporting legacy for future years as well as being able to offer high quality coaching across a range of games and sports to all of our children. A further benefit is that our children take part in a wide range of sporting competitions both locally and nationally. As well as employing a specialist PE teacher to provide professional development and support to our teachers, the Governing Body after careful consideration decided that the money was also to be used as outlined below:-

- £1200 Sports Affiliation fees and awards
- £2 500 – Supply costs to ensure our PE lead works collaboratively with PE staff from other schools to develop the curriculum offer and assessment in dance and gymnastics
- £11 745 - to support the costs of extending the time of our specialist PE teacher to ensure the continuation of the high quality PE provision working 1:1 with staff. This ensures high quality inset for all our teaching staff which will ensure that there is a PE legacy through continued CPD for all staff.
- £1700 – Curriculum resources to support competitive support
- £655– Training and updates

Review Date	Evidence of review and impact
-------------	-------------------------------

November 13 th 2023	The impact of the sports premium was discussed at the Full Gobs. The Headteacher report contained a detailed breakdown of the impact.
February 26 th 2024	The Full Gobs agenda once again had a specific agenda item on Sports Premium where Gobs discussed the continued positive impact upon the children. It was also discussed at the L and M meeting in April
June 24 th 2024	This was again a specific item on the Full Gobs agenda. Governors were disappointed that this funding would no longer continue but would ensure that the legacy of high quality PE delivery and sporting participation would continue.

What impact does the sports premium funding have?

The impact on pupils of the additional PE and Sport funding is measured at the end of each academic year:

Key indicator 1: The engagement of all pupils in regular physical activity – Chief Medical Officer guidelines recommend that primary school children undertake at least 30 minutes of physical activity a day in school

- Provision of ‘active lunchtimes’ with staff trained to encourage the children to be involved in physical activity during their lunchtimes.
- Each year group has two hours of specialist PE coaching throughout KS1 and 2 with all staff working with a PE specialist to develop their own PE teaching skills
- An offer of 16 different sporting clubs over 5 nights at school
- Local girls football lead to provide lunchtime girls football club

Key indicator 2: The profile of PE and sport being raised across the school as a tool for whole school improvement

- High profile displays around school celebrate sporting success
- Regular sporting school assemblies which reinforce the school values
- Year 6 sports leaders support the delivery of after school sporting clubs for KS1 as well as helping out at KS1 inter house competitions
- Weekly articles in the school newsletter which celebrate sporting achievements and encourage participation
- Cross curricular links with the benefits highlighted in Science and PSHE

Key indicator 3: Increased confidence, knowledge and skills of all staff in teaching PE and sport

- Paying for professional development opportunities for teachers in PE and sport
- Ensuring that the schools PE lead attends all PE updates and conferences
- Providing cover to release primary teachers for professional development in PE and sport

Key indicator 4: Broader experience of a range of sports and activities offered to all pupils

- The NC is covered in full and supplemented with additional sports such as handball and Gaelic Football giving the children to play Gaelic in Ireland with Irish coaches

- A week residential for our Year 5 children giving them the opportunity to participate in orienteering, climbing, abseiling, archery and mountain walking
- Year 4 have attended a three day outdoor education centre
- In 2018 – 2019 we were able to offer eleven different sporting clubs attended by 107 (81%) different children.
- In 2019 – 2020 we were able to offer eight different sporting clubs attended by 100 (75%) different children.
- In 2020 2021 we were able to offer 16 different after-school clubs covering ten different sports attended by 152 different children **(79% of Years 1 to 6)**.
- In 2021 2022 we were able to offer 19 different after-school clubs covering seven different sports attended by 120 different children **(91% of KS2 children)**.
- In 2022 2023 we were able to offer 10 different after-school clubs covering 8 different sports attended by 142 different children **(65% of the school, 91% of KS2 children and 70% of Yr 2)**.
- We offer the schools facilities for the local Karate club which enables 18 of our pupils to attend easily.

Key indicator 5: Increased participation in competitive sport

- The Headteacher and PE lead are chair and vice chair of SDSSP which ensures that PE competition between schools takes place in a variety of sports across the year
- All children take part in our competitive inter house athletics sports day as well as our indoor athletics inter house competition in the autumn term.

Children also have the opportunity to represent the school in a variety of sports with 70 (54%) different children in KS2 having represented the school in sporting competitions in 2018 – 2019 and 65 (50%) from Sept 19 to March 2020. In 20-21 73 (52% of KS2) different children have represented the school in sporting competitions. In 21 -22 76 (57% of KS2) different children have represented the school in sporting competitions. In 22 -23 82 (63% of KS2) different children have represented the school in sporting competitions.

- The impact has been outstanding as can be seen by the numbers of children who take part in extra curricular activities, the quality of PE provision and the school's success in sporting competitions.
- Increasing the number of inter-school sports competitions with local schools
- Bikeability support for Y6 pupils
- In Year 6 100% of our children can do each of the following:
 - swim competently, confidently and proficiently over a distance of at least 25 metres
 - use a range of strokes effectively
 - perform safe self-rescue in different water-based situations

PE and Sport 2023 - 2024- Platinum Standard!
Platinum Schools Games Award

We are delighted to announce that Oakridge Primary School has been awarded the ‘Platinum Standard Mark’ for our sport provision. The School Games Mark is a Government led awards scheme launched in 2012 to reward schools for their commitment to the development of competition across their school and into the community. Schools in England are assessed across bronze, silver and gold levels. For six consecutive years Oakridge achieved Gold standard so to achieve the platinum standard is an accolade that we are all very proud of.

The Award rewards schools for their commitment to the development of competition across their school and in the community. Points are awarded for participation, engagement in sporting activity, entering competitive events as well as the leadership activities. We are also delighted that we have received the Sporting Virtual Award – for schools who:

- Have had pupils regularly entering School Games Virtual Competitions or
- Encouraged pupils to stay active at home while not in school.

2023 - 2024

After-school sports clubs so far in 2023/24

- 10 different after-school clubs have been offered this academic year.
- 8 different sports/activities offered.
- Each child from Year 2 to 6 has had the opportunity to participate in at least 1 after-school club.
- Equal opportunities for boys & girls
