Internal swimming lessons or broadening aquatic opportunities:	-
Internal active travel:	-
Internal equipment and resources:	£4,616.88
Internal membership fees:	£150.00
Internal use of educational platforms and resources:	-
Total Internal Activities Spend:	£10,611.00

External Activities:

External activities organised by School Games organiser network:	-
External other inter-school sports competitions:	£69
External coaching staff:	£1,400
Total External Activities Spend:	£1,469

Overall Sport Premium spend: £17,860

Oakridge Primary School

Sports Premium Report

2025-2026

As part of our commitment to inclusion and equality in sport, Oakridge Primary School has continued to invest in high-quality physical activity and extra-curricular opportunities for pupils across the school. During 2025–2026, funding supported a broad programme of after-school sporting clubs delivered by our specialist sports coach each week of the academic year. This ensured that pupils had regular opportunities to remain active, develop new skills and participate in organised sport beyond the curriculum.

We continued to broaden our offer through weekly dance clubs, made available to every year group from Year 1 to Year 6 throughout the year. This provision was introduced deliberately to encourage greater participation among girls and to provide an alternative route into regular physical activity for pupils who may be less drawn to traditional team sports. Year 6 pupils also benefited from a full week of specialist dance coaching delivered by an external professional, developing confidence, teamwork and performance skills.

A major focus this year has been the introduction of the OPAL programme, which is helping us to develop more active, inclusive and enriching lunchtimes. Through improved resources, staff development and a wider range of play opportunities, pupils are able to be physically active in ways that reflect their individual interests and needs. This provision is particularly beneficial for pupils with SEND and disadvantaged pupils, helping to reduce barriers to participation and ensuring that all children can enjoy meaningful physical activity during the school day.

Funding also supported participation in external competitive sport, including primary football tournaments, enabling pupils to represent the school and develop teamwork and sporting conduct. Together, these opportunities have continued to keep the already successful profile of PE, sport and physical activity across Oakridge and ensured that pupils have access to a broad, inclusive and engaging range of experiences.

Perceived Positive Impact and Improvements:

- ✓ **Increased staff knowledge and skills** - through OPAL training, mentoring and implementation support.
- ✓ **Increased pupil engagement in physical activity and sport** - through active lunchtimes, after-school clubs and dance.
- ✓ **Raised profile of PE and sport across school** - particularly through OPAL, clubs, competitions and specialist coaching.
- ✓ **Broader and more equal sport/physical activity experience** - especially for girls, pupils with SEND and disadvantaged pupils.
- ✓ **Increased pupils' physical activity levels** - through OPAL and after-school sports provision.
- ✓ **More pupils in extra-curricular activities**
- ✓ **More staff CPD** - through the OPAL programme.

Sustainability:

- ✓ Sustainability of Improvement: **Positive Impact** – Extra-curricular sporting clubs will remain part of our physical offer in school. We are also only in Development Phase 1 of our OPAL journey. In 2026-2027, we will continue this project into Development Phase 2.

Swimming and Water Safety at End of KS2:

- ✓ 90% of pupils swimming 25m.
- ✓ 90% of pupils use a range of strokes effectively.
- ✓ 90% of pupils performing safe self-rescue.
